Flashtalk

#TheEarthTalks
Showcasing Earth observation in the Pacific

14:10 – 14:20, Monday 6 October 2023

Jean Massenet
WHERE WE HAVE COME FROM

2019

Talanoa Outcome Statement
5th November 2019
Canberra Australia

2020

Growing interest across this OCEANIA region...
ACHIEVEMENTS ALONG THE WAY

2021
Scoping need, regular virtual meetings, workplan delivery

2022
Development of 6 EO projects, release of Constellation Statement, training and capacity building

2023
Assessment of data needs and gaps, advice to GEO governance, innovative projects funded and launched
WHERE WE ARE GOING NEXT

2024 and beyond…

- Develop a community of practice and network across the Pacific
- Envision and plan for coordination in the Pacific, aligning with the GEO post-2025 Strategy
- Engage with international organisations to acquire infrastructure and capacity building support
- Provide advice to GEO regarding how they can support the needs of the Pacific
- Strengthen coordination and engagement and highlight the existing capacities of PICTs
