

## **New Members, Participating Organizations and Associates**

*This document is submitted to Plenary for information.*

Membership in the Group on Earth Observations (GEO) is open to all Member States of the United Nations and to the European Union as represented by the European Commission.

GEO welcomes, as Participating Organizations, intergovernmental, international, and regional organizations, development banks, foundations, non-governmental organizations, and not-for-profit associations of commercial entities with a mandate and/or interest in, or be a user of Earth observations, information or services – that is the full spectrum, and/or value chain from data collection to use.

GEO welcomes, as GEO Associates, commercial firms and national associations of commercial firms, as well as non-governmental, not-for-profit and civil society organizations with a national or sub-national mandate or scope of operations related to Earth observations.

Since GEO-20 Plenary (May 2025), the following Members, Participating Organizations and Associates have joined GEO.
